PRESIDENT'S REPORT

Gentlemen,

The May meeting was great with 59 members and guests in attendance and an amazing amount of trains for sale. It was nice to see Tom come down from Quesnel and Dan from the Sunshine Coast. Thanks guys. The food line-up went around the room as the members awaited the feast. There were lots of trains but not many members buying.

Thanks to John C. I am poorer as I bought his Williams Reproduction standard gauge State Set. I could not resist as it is gorgeous.

Also thanks for Jorge for showing his amazing "O" scale, hand built, CPR Sicamous station. Watch for some more pictures in the newsletter.

I announced that we have already sold 134 of our British Columbia Market Co. Limited reefers by MTH. Thanks again for supporting our club and if you haven't ordered one and want one let me know as I have a couple extra.

Do not forget the June meeting has the extra incentive prizes, and a fabulous BBQ with strawberry shortcake, so be sure to attend. You could be a lucky winner.

Check the newsletter and website for information on our club rings and pendants coming soon. Any questions email or phone Gary Z.

See you at the June meeting.

Mark.

Jorge Beristain presents his stunning O scale model of the historic CPR Sicamous station and hotel.
Ah to be lounging on the terrace overlooking the lake!
Fabulous work, Jorge.

Bob Garton shows off a selection of railway art — wish I'd been there to be enlightened.

Hey, this 'Show 'n Tell' stuff is fun.

Tom Mower dropped in to run trains with Kyle Miller

Rebuilding White Pass & Yukon #73

Newell Corp in Arlington, WA, has been rebuilding this 3' gauge 2-8-2; plans to fire it up shortly. Thanks to Mark Horne for sharing Robert Bob Stafford's post.

Unique Lines [not Marx]: a presentation by Ryan Cruickshank at WCRA

Photos from Kyle Miller's post

Kyle Miller > Canadian Toy Train Association
Admin · May 30 ·

Ryan Cruickshank and his 'Unique' trains. Marx Santa Fe in the middle. From Ryan:

"Unique Art Manufacturing Co., based in Newark NJ, since 1916. (Developed from 15 year defunct Dorfan tooling, modified to reduce labour required for assembly)."

Louis Marx & Co. responded by developing a line of cars to compete directly. Unique withdrew from the Toy Train market in 1951 as a result of the competition and materials shortage due to the Korean war. Most in demand is the Circus set and the 'Hobo Boxcar', which runs along the floor with a dog biting the hobo." — at Burnaby Central Railway.

aa

greetings from the East!

once again the dynamic western o gauge duo venture into enemy (HO) territory at the Midland Train Show.

A fun couple of days nonetheless, covered expenses and Robin picked up a 726 with 5 2400 series green coaches... branching out, Robin?
