PRESIDENT'S REPORT

Ladies and Gentlemen,

Another great train meeting with about 72 members and guests in attendance is over with lots of trains showing up, especially from Bill Stephenson's collection. I would to thank Peter and the kitchen crew for a great lunch; your efforts are really appreciated by everyone.

The Chilliwack and Lynden train shows were outstanding. We really appreciate the members who assist during the set-up and stay/or come back to help take the layout down. The PNE Show was very successful with a huge increase over last year's attendance. Our layout was front and centre by the entrance.

If you are thinking of going to York, PA next October 2017 please let Mark know now as the hotel rooms have now been booked.

I will be continuing to sell Bill's massive collection at the coming meetings and from my house. See pictures in this issue of a few of his trains coming to the next meeting. Only the American Flyer "Circus Train" will be auctioned; everything else will be sold from the tables starting just after 10:30.

Thank you for supporting your club projects, they really help the bottom line of your club and you get a unique Canadian car. Our current projects are an Atlas die cast hopper in Pacific Great Eastern colours and an MTH British Columbia Electric 36' reefer, just like the very popular E&N reefer we did prior. If you wish to order notify me ASAP, payment can be later but I require numbers now.

For the bus trip we will be going to the World's Greatest Hobby Show on Saturday Jan 21st instead on the Puyallup Train Show held on Nov 12th. The January show will be much larger and all the major manufacturers will be present. Tickets will be on sale starting in October and we might sell out this year due to the larger show. Please sign up for the trip as the club subsidized the bus trip as it is always a fun day. This is the last meeting to reserve your bus ticket.

See you at the end of the month. Mark

See York and TrainExpo PNE pix in the online edition,

and photos of Bill Stephenson items for auction at November meeting.

2016 CANADIAN CLUB MEETS

All meets at Charles Rummel Community Centre, 3630 Lozells Ave.
Burnaby B.C. [doors at 11am, meeting 12:30]

Pacific Great Eastern Atlas 55 Ton Coal Hopper

Atlas O is manufacturing a 55 ton coal hopper in Pacific Great Eastern Railway colors. This very limited production die cast "O" gauge hopper car comes in two numbers in both 2 and 3 rail. Delivery is expected in summer/fall 2017.

Cost of the car is \$ 75.00 US plus \$ 12.00 US shipping per car. All cars will be shipped from Washington State.

Questions: email or telephone 604-560-4028

If you wish to order please complete the following order form and mail your payment (payable to "Mark Horne") to:

Tales from York 2016

1. Steamtown at Scranton

Its the CP 2929!
rusting away for want of funds?
maybe some Canadian Railway
Museum could buy her and restore
her Like the 2928 has been at
Delson PQ ? Hmmmmmm?

<—Meanwhile, the coal mine tour was the pits!

FATHER JOHN RETIRES

Father John with Henry Graber
text from November "Burnt Journal",
Greater Vancouver Garden Railway Club

Father John Eason, who will turn 75 in November, retires after two decades of bringing the Gospel to sailors as Port Chaplain of the Apostleship of the Sea Ministry. Father John has been the Catholic Chaplain to the Port of Vancouver since 1997. For about 5 days every week he boarded ships docked in Vancouver to bring sailors religious comfort plus envelopes stuffed with rosaries, miraculous medals, stickers and pamphlets about mass. The Ministry also distributed Christmas gifts to the sailors. During this year alone he visited over 900 vessels.

Father John (ordained May 11, 1968) has been a priest for nearly 5 decades, whose love for the mass drew him into religious life. While Father John is retiring, he still plans to continue helping out as a volunteer to the Apostleship of the Sea Ministry. He says 'he hopes to die with his shoes on'.

With help from his friend and fellow Club member, Henry Graber, Father John had an extensive 'G' gauge layout in the Rectory of his church. With his retirement, the layout had to be dismantled, but with help from Henry the layout is being rebuilt in his new residence.

Yorkistas relaxing after a hard day at the coal mine. Its rough, I tell ya'
