Ladies and Gentlemen,

The first meeting of the train season was outstanding with about 87 members and guests in attendance. The weather was outstanding the BBQ was excellent. Thank you to all the dedicated members who helped prepare the BBQ!

The election was handled well by Howie and the board was re-elected. Thanks to Howie and to all the BOD members for their continued hard work they put forward for all the club members. It is really appreciated.

Neil presented the budget and did a great job. The budget passed unanimously with no dues increases.

We have added an extra incentive to our June incentive draw, every member who has attended all 9 of our monthly meetings will be awarded a 10th ticket in June.

An update was given regarding the emailing of "for sale / wanted" lists to the general membership. Kyle has created a list of members who want these "for sale / wanted" lists, and excluded those members who have indicated they do not wish to receive these lists. If you do not want to receive these lists, and have not emailed Kyle already, please do so. If you wish to continue to receive the lists, do nothing and you will remain continue to receive them.

If you have a list or want ad that you wish to have sent out, please email Kyle or Mark and we will send it out to the correct list.

The club received a generous donation of two different piers from Model Tech Studios and a fishing boat already built, painted and weathered from new member Carl Chancey of Marshfield, MA. Thank you so much Carl!

Thank you for supporting your club projects, they really help the bottom line of your club and you get a unique Canadian car. The White Pass & Yukon trailer on CN flat cars are now sold out. I have a few of our next car, an MTH PGE caboose, left with 106 of the 112 cars now sold. The PGE caboose and the BC Rail RDC cars should be delivered in November. [continued on page 4]
