Ladies and Gentlemen,

### PRESIDENT'S REPORT

Welcome to another great train year!

I will be collecting for the BCE green reefers and the WP&Y reefers at the September meeting as MTH says they should be shipping in late August. Thank you to all who supported these projects.

If you wish to have me take some pictures of your layout for our web sites, please let me know.

September is our election meeting and the CTTA Executive is standing for re-election. If you wish to run please notify Kyle as he will be running the election.

The coming train season has much to offer everyone ... besides the train meetings each month we have the COOTS meetings in Nanaimo, the Lynden Show, the Chilliwack Show, the PNE Train Show, and *The Great Train Show* in Puyallup in January (with the bus trip).

Also, please buy tickets for the Christmas draw as we have great prizes and it supports your club.

As always thank you to all who provide the food and drinks at each and every meeting, time after time. Your efforts are really appreciated.

See you in September at the BBQ.

Mark

The Canadian Toy Train Association is pleased to announce that MTH is manufacturing a second British Columbia Electric Railway 36' wood-sided reefer in their Premier line. The BCE operated out of Vancouver and Victoria, BC. This very limited production "O" gauge car comes in two road numbers in 3 rail. Delivery is expected in late 2018 or early 2019.

The Canadian Toy Train Association member cost is \$ 85.00 CDN per car including shipping within the lower mainland and Vancouver Island. With the drop in the Canadian dollar this is a real deal for our members.

### Robin Dodson's Dilemma

- 1.Brand new empty train room
2. After the train collection arrives

Good Luck Robin!  
and  
please send us pictures  
of your progress.

At some risk to my wellbeing, I add this contribution from Tom Modica, which seems a perfect example of the benefits of multi-tasking.
